

AIA Priority Protection Supplementary Superannuation Policy Document

Date Prepared 3 November 2017

This AIA Priority Protection Supplementary Superannuation Policy Document ('Supplementary Superannuation Policy Document') supplements information contained in the AIA Priority Protection Superannuation Policy Document ('Superannuation Policy Document'), Version 16, Date Prepared 10 December 2016.

This Supplementary Superannuation Policy Document is issued by:

1. AIA Australia Limited (ABN 79 004 837 861, AFSL 230043), who is the issuer of life risk insurance policies referable to Priority Protection.

AIA Australia Limited takes full responsibility for the entirety of this Supplementary Superannuation Policy Document. This Supplementary Superannuation Policy Document must be read in conjunction with the Policy Document.

This Supplementary Superannuation Policy Document has been issued to inform you of the following important amendments to the Superannuation Policy Document as a result of:

- changes to the trustee of the Aon Master Trust (ABN 68 964 712 340); and
- the introduction of the new 'Term Level' premium pattern.

On and from 3 November 2017, Equity Trustees Superannuation Limited replaced Aon Superannuation Pty Limited as trustee of the Aon Master Trust. Equity Trustees Superannuation Limited is therefore the issuer of the risk only superannuation product that is part of AIA Priority Protection and provides the Superannuation Life Cover Plan and the Superannuation Income Protection Plan.

This Supplementary Superannuation Policy Document replaces the previous Supplementary Superannuation Policy Document dated 29 April 2017.

All references to 'Aon Superannuation Pty Limited, ABN 83 057 982 822, AFS Licence No. 237465' within the Superannuation Policy Document are replaced with:

"Equity Trustees Superannuation Limited, ABN 50 055 641 757, AFS Licence No. 229757"

Section 2.5.3 on page 5 is replaced with:

"2.5.3 Stepped, Level, Optimum or Term Level Premiums

Premiums for the Policy are payable on a stepped, level, Optimum or Term Level premium basis. All benefits under the Policy must be on the same premium basis unless a benefit is solely offered as stepped or level.

Stepped premium rates generally increase as the Life Insured's age increases.

Level premium rates remain constant until the latest Policy Anniversary prior to the Life Insured's 65th birthday or the Expiry Date of the benefit, if earlier. However, the premium rates for some benefits may remain constant until the latest Policy Anniversary prior to the Life Insured's 70th birthday (where this feature is available in respect of a benefit and has been selected).

From the latest Policy Anniversary prior to the Life Insured's 65th, or where applicable, 70th birthday, the Policy/benefit will continue on stepped premium rates until the termination of the Policy/benefit.

The Optimum premium basis allows You to pay premiums on a stepped basis which will automatically convert to a level premium basis at a pre-determined date. (The pre-determined date may vary if premium rates change.) Should You select this method of paying premiums then stepped premiums will be payable from the commencement of the Policy, together with a

premium loading according to the age of the Life Insured at the commencement of the Policy. At the Policy Anniversary when the stepped premium amount first becomes greater than the level premium amount based on the age of the Life Insured at the commencement date of the benefit, the stepped premiums will automatically convert to level premiums. These level premiums are payable until the latest Policy Anniversary prior to the Life Insured's 65th birthday or the Expiry Date of the benefit, if earlier. After that stepped premiums are payable until the termination of the Policy/benefit. You will pay the premium loading until the latest Policy Anniversary prior to the Life Insured's 65th birthday or the Expiry Date of the benefit, if earlier.

The Term Level premium basis allows You to keep the premium rate constant for an initial term of 5, 10 or 15 years. At the end of the initial term, Your premium basis will convert to stepped with a loyalty discount until the Expiry Date of the benefit.

You can change the basis of premium payment from level premium to stepped premium by making a written request to Us. You can change from stepped premium to level premium via a cancel and replace. If You have selected either stepped or level premiums You may not convert to Optimum or Term Level premiums (or vice versa). Changes from Term Level to another Term Level premium basis (for example 5 year Term Level to another 5 year Term Level or to a 10 year Term Level) are not available under Your policy. If available and agreed with Us, You may apply for such changes when You cancel Your policy and We agree to issue a similar replacement policy to You (a process we refer to as 'cancel-and-replace'). Please note that the Life Insured's age at the time the cover under the replacement policy takes effect will be used to determine whether You are eligible for a benefit on a Term Level premium basis under that replacement policy.

The entry age on any replacement policy will be Your current age at the time of replacement.

Premiums will change if:

- You request a change in Your Sum Insured or Insured Monthly Benefit;
- You choose to have Your Sum Insured or Insured Monthly Benefit automatically increased each year to keep pace with inflation (see condition 2.17); or
- premium rates are reviewed (see condition 2.5.7)."

Section 2.5.7 on page 7 is replaced with:

"2.5.7 Premium Rates Guaranteed

The premium rates under all plans under the Policy are guaranteed for at least two years. We guarantee that any increase or reduction in a table of stepped, level, Optimum or Term Level premium rates will not take effect in respect of a benefit until the second anniversary of the Policy Commencement Date or the next Policy Anniversary following the latest increase or reduction in the table of premium rates for that benefit, if later. This premium rate guarantee does not apply to any standard increases (e.g. age based or CPI increases, alterations or reductions in discounts) or cancel and replace policies.

Notwithstanding the two-year premium rates guarantee or any period during which Your premium rates do not increase with Your age, Your premium rates (stepped, level, Optimum or Term Level) may be varied from time to time after the two-year guarantee period. A table of premium rates is available on request. Different premium rates apply to males and females, to smokers and non-smokers and to different occupations. The premium rates for the Policy allow for the cost of insurance and Our expenses, including commission payable to an adviser.

Premium rates may not be altered individually but only for all policies in a group. Your Policy cannot be singled out for an increase. You will be notified in writing of any change in the premium rates prior to the change taking effect."

The third paragraph in section 2.17 on page 10 is replaced with:

"If You accept Our offer of an indexation increase Your stepped and Optimum premium (where applicable) will be adjusted to allow for the higher Sum Insured and/or Insured Monthly Benefit and the age of the Life Insured at that time. Where level premiums are being paid in respect of a benefit covering the Life Insured, the age of the Life Insured at the time that benefit was first issued (provided that the benefit was not subsequently cancelled) is used to calculate the premiums payable on the increase. Where Term Level premiums are being paid in respect of a benefit covering the Life Insured, the age of the Life Insured at the time that benefit was first issued (provided that the benefit was not subsequently cancelled) is used to calculate the premiums payable on the increase for the initial term only. At the end of the initial term, and once the premiums convert to stepped, indexation increases will be adjusted to allow for the higher Sum Insured and the age of the Life Insured at that time."

Priority Protection Policy Structure

#Where Maximiser is selected, Family Protection, Needlestick Injury (Occupation AA Only) and Waiver of Premium (where applicable), are the only benefits available to be selected under Superannuation PLUS.

*Selection of this benefit automatically provides an Income Protection benefit in Superannuation and an Income Protection benefit outside of the Superannuation environment linked via Super Extras.

1 Introduction

The Superannuation Life Cover Plan and the Superannuation Income Protection Plan include benefits that are issued only to the Trustee of a Superannuation Fund to provide insurance cover for the Life Insured as a member of the fund. Additional benefits can be issued directly to the Life Insured outside of the superannuation arrangement under Our linked Superannuation PLUS, Maximiser and Super Extras benefits.

This policy document describes the terms and conditions for the benefits issued to the Trustee of a Superannuation Fund. A separate policy document describes the terms and conditions for the additional benefits under the linked Superannuation PLUS, Maximiser and Super Extras benefits.

The Superannuation Life Cover Plan (excluding the Superannuation PLUS and Maximiser benefits) and the Superannuation Income Protection Plan (excluding the Super Extras benefits) when issued through the AIA Insurance Super Scheme No2 (**'the Scheme'**), a product issued out of the Aon Master Trust, ABN 68 964 712 340, are issued by AIA Australia Limited (**'AIA Australia'**) ABN 79 004 837 861 AFSL 230043 to Aon Superannuation Pty Limited, ABN 83 057 982 822, AFS Licence No. 237465, as the Trustee of the Scheme.

The Superannuation Life Cover Plan (excluding the Superannuation PLUS and Maximiser benefits) and the Superannuation Income Protection Plan (excluding the Super Extras benefits) when acquired by the trustee of a private/self-managed superannuation fund (**'SMSF'**) of which the Life Insured is a member, are issued by AIA Australia to the trustee of the SMSF.

Any benefit under the Policy is paid to the Trustee of the Superannuation Fund as Policy Owner, who then deals with the benefit in accordance with the terms of the trust deed of that fund and superannuation law.

The policy document and the application for this insurance, including any declaration and statements relating to this insurance, and Policy Schedule, constitute the entire contract (**'the Policy'**). The term **'the Policy'** includes any endorsements and conditions applicable to the optional Rider Benefits specified in the Policy Schedule. Any variation of this contract must be evidenced in writing bearing the signature of one of Our authorised officials.

The Policy consists of:

- this policy document;
- the Policy Schedule, including any endorsements and conditions specified in or attached to that schedule;
- the application for the Policy, including any declaration and statements relating to the Policy in that application;

and these documents constitute the entire agreement between AIA Australia and the Policy Owner in respect of the Policy. Any variation of the Policy must be evidenced in writing bearing the signature of one of Our authorised officials.

The Policy commences when AIA Australia accepts the risk in connection with the Policy. If AIA Australia does not accept an application but makes a counter-offer, the cover commences when the counter-offer is accepted.

The Policy is issued:

- (i) in consideration of the payment of the premium and stamp duty as stated on the Policy Schedule, and
- (ii) on the basis of the application, declaration and any other statements made by the Policy Owner and the Life Insured to Us in connection with the Policy.

Where the Policy is to be owned by the Trustee of the Scheme, the policy document and Policy Schedule will be sent to the Life Insured/member of the Scheme.

Where the Policy is to be owned by the Trustee of an Approved Superannuation Fund, the policy document and Policy Schedule will be sent to the Life Insured/member of the Approved Superannuation Fund.

Where the Policy is to be owned by the Trustee of a SMSF, the policy document and Policy Schedule will be sent to the Trustee of the SMSF.

The policy terms and conditions relating to the Superannuation Life Cover Plan and the Superannuation Income Protection Plan do not vary depending on the Superannuation Fund of which the Life Insured is a member.

Superannuation PLUS

If the Life Insured purchases the optional Superannuation PLUS benefit, the Life Insured will be issued with a separate policy document that will detail the terms and conditions of the additional benefits selected under the Superannuation PLUS benefit. The Superannuation PLUS benefit is linked to this Policy and will automatically terminate if this Policy is terminated. The Superannuation PLUS benefit is held outside the superannuation arrangement. The Life Insured is the legal owner of the policy for the Superannuation PLUS benefit and is entitled to receive proceeds of any claims We admit under that policy.

Maximiser

If the Life Insured purchases a Maximiser benefit, the Life Insured will be issued with a separate policy document that will detail the terms and conditions of the total and permanent disablement (Own Occupation) benefit under the Maximiser benefit. The Maximiser benefit is linked to this Policy and will automatically terminate if this Policy is terminated. The Life Insured is the legal owner of the policy for the Total and Permanent Disablement (Own Occupation) benefit held outside the superannuation arrangement and is entitled to receive the proceeds of any claim We admit under that policy.

Super Extras

If an Income Protection or Income Protection Accident Only benefit with Super Extras is purchased, the Life Insured will be issued with a separate policy document that will detail the terms and conditions of the additional Income Protection or Income Protection Accident Only benefits provided under that policy. The Super Extras benefits are linked to this Policy and will automatically terminate if this Policy is terminated. The Life Insured is the legal owner of the policy held outside the superannuation arrangement and is entitled to receive the proceeds of any claim We admit under that policy.

Pre-existing Condition

If a claim under an insurance benefit relates to a Pre-existing Condition (as defined in Condition 6) that You or the Life Insured have not disclosed the full details of to Us before the benefit commencement date (as shown on Your Policy Schedule) or the date of any increase, reinstatement or improvement of the benefit, then the claim will not be paid in respect of that benefit.

Your Duty of Disclosure

Before You enter into a life insurance contract, You have a duty to tell Us anything that You know, or could reasonably be expected to know, which may affect our decision to insure You and on what terms.

You have this duty until We agree to insure You.

You have the same duty before You extend, vary or reinstate the contract.

You do not need to tell Us anything that:

- reduces the risk We insure You for; or
- is common knowledge; or
- We know or should know as an insurer; or
- We waive Your duty to tell Us about.

If the insurance is for the life of another person and that person does not tell Us everything he or she should have, this may be treated as a failure by You to tell Us something that You must tell Us.

The Life Insured also has a duty of disclosure to the Trustee of their Superannuation Fund or SMSF under the terms of the Superannuation Life Cover Plan and the Superannuation Income Protection Plan based on the Life Insured's membership in their fund. This ensures that their Trustee is able to meet its disclosure obligations to the insurer.

If You Do Not Tell Us Something

In exercising the following rights, We may consider whether different types of cover can constitute separate contracts of life insurance. If they do, We may apply the following rights separately to each type of cover.

If You do not tell Us anything You are required to, and We would not have insured You if You had told Us, We may avoid the contract within three years of entering into it.

If We choose not to avoid the contract, We may, at any time, reduce the amount You have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if You had told Us everything You should have. However, if the contract has a surrender value, or provides cover on death, We may only exercise this right within 3 years of entering into the contract.

If We choose not to avoid the contract or reduce the amount You have been insured for, We may, at any time vary the contract in a way that places Us in the same position We would have been in if You had told Us everything You should have. However, this right does not apply if the contract has a surrender value or provides cover on death.

If Your failure to tell Us is fraudulent, We may refuse to pay a claim and treat the contract as if it never existed.

2 General Terms and Conditions

2.1 Your Priority Protection Policy

We have issued the Policy in accordance with the contents of Your application and any supporting documents We have obtained. The contract between You and Us is based completely on the accuracy of these documents, and You and the Life Insured have a duty to disclose in them any information that is material to the risks We are insuring (see Duty of Disclosure on page 5).

This policy document and the Policy Schedule are evidence of the contract between You and Us in relation to the Policy. The contract is one of offer and acceptance and commences when We accept the risk relating to the Policy. We may ask You to vary Your application (eg so that the application is for a policy with additional or varied terms) before deciding whether to accept it. If We do not accept the application, We may instead make a counter-offer (with or without conditions). In these circumstances, the contract commences after You accept the counter-offer, We are satisfied that any conditions applicable to the counter-offer are met and We issue the Policy Document to You.

The enclosed Policy Schedule is a summary of the premium and benefit amounts under the Policy and also forms part of the contract in respect of the Policy.

2.2 Cooling-Off Period

Please read the policy document carefully. If You or the Life Insured are not happy that the Policy and benefits do not meet Your or the Life Insured's needs You may cancel the Policy within the 28-day cooling-off period and receive the full refund of all premiums paid.* The cooling-off period starts from when the Life Insured or You (as applicable) received the policy document from Us or from the end of the 5th day after the day on which We sent the policy document, whichever is the earlier to occur.

The Life Insured can cancel the Policy within the cooling-off period, by sending the Trustee:

- a request to cancel the Policy either by letter, fax or email or in any other manner permitted by law.

If the Life Insured instructs Us directly in these circumstances, We may need to confirm those instructions with the Trustee.

*Note: The Life Insured will lose the right to request cancellation of the Policy within the cooling-off period (and the Trustee will not be able to cancel the Policy) when the Life Insured or the Trustee first exercises any right or power, other than this right to return the Policy.

2.3 Renewal Statement

Each year You or the Life Insured will receive a renewal statement showing the level of the selected benefits under the Policy. Any change to the fees and charges and to the taxation treatment of the Policy and any other matter relevant to the Policy over the preceding year will also be shown in the renewal statement.

If there are any material changes to the circumstances described in the Product Disclosure Statement, the policy document or any subsequent communication, You or the Life Insured will be notified in the renewal statement following the change.

However, any material change related to fees and charges will be notified in writing prior to the change taking effect.

Any change, which is initiated by You or the Life Insured, will be confirmed in writing by Us (and instructions from the Life Insured may need to be confirmed by the Trustee as Policy Owner).

2.4 Policy Ownership

The Trustee is the legal owner of the Policy for the Superannuation Life Cover Plan (excluding the Superannuation PLUS and Maximiser benefits) and the Superannuation Income Protection Plan (excluding the Super Extras benefits) and receives the proceeds of any claim We admit under the Policy.

Under the Policy for Superannuation Life Cover Plan (excluding the Superannuation PLUS and Maximiser benefits) and the Superannuation Income Protection Plan (excluding the Super Extras benefits) the Life Insured will have no direct relationship with AIA Australia, as the owner of the Policy will be the Trustee.

2.5 Premiums

2.5.1 Payment of Premiums

Premiums must be paid monthly, half-yearly or yearly. Premium payments made more frequently than yearly are subject to a premium frequency charge (see condition 2.6.2). Premiums for a benefit will cease at the Expiry Date of that benefit.

If premiums are paid via Your Approved Superannuation Fund or SMSF, premium frequency payment agreements may be in place that limit the premium frequency options. For example the premiums may only be able to be paid monthly or yearly.

To the extent not prohibited by law, we may adjust the amount we charge in respect of a premium payment due to rounding.

2.5.2 If Premium Payments Stop

A period of 60 days of grace is allowed for the payment of each premium during which the Policy will remain in force. If the premium is not paid in full within 60 days from the premium due date the Policy will lapse and cover will cease.

2.5.3 Stepped, Level or Optimum Premium

Premiums for the Policy are payable on a stepped, level or optimum premium basis. All benefits under the Policy must be on the same premium basis unless a benefit is solely offered as stepped or level.

Stepped premium rates generally increase as the Life Insured's age increases.

Level premium rates remain constant until the latest Policy Anniversary prior to the Life Insured's 65th birthday or the Expiry Date of the benefit, if earlier. However, the premium rates for some benefits may remain constant until the latest Policy Anniversary prior to the Life Insured's 70th birthday (where this feature is available in respect of a benefit and has been selected).

From the latest Policy Anniversary prior to the Life Insured's 65th or, where applicable, 70th birthday, the Policy/benefit will continue on stepped premium rates until the termination of the Policy/benefit.

The optimum premium basis allows You to pay premiums on a stepped basis which will automatically convert to a level premium basis at a pre-determined date. (The pre-determined date may vary if premium rates change.) Should You select this basis of paying premiums then stepped premiums will be payable from the commencement of the Policy, together with a premium loading according to the age of the Life Insured at the commencement of the Policy. At the Policy Anniversary when the stepped premium amount first becomes greater than the level premium amount based on the age of the Life Insured at the commencement date of the benefit, the stepped premiums will automatically convert to level premiums. These level premiums are payable until the latest Policy Anniversary prior to the Life Insured's 65th birthday or the Expiry Date of the benefit, if earlier. After that stepped premiums are payable until the termination of the Policy/benefit. You will pay the premium loading until the latest Policy Anniversary prior to the Life Insured's 65th birthday or the Expiry Date of the benefit, if earlier.

You can change the basis of premium payment from level premium to stepped premium by making a written request to Us. You can change from stepped premium to level premium via a cancel and replace. If You have selected either stepped or level premiums You may not convert to optimum premiums or vice versa.

Premiums will change if:

- You or the Life Insured request a change in the Sum Insured or Insured Monthly Benefit;
- You or the Life Insured choose to have the Sum Insured or Insured Monthly Benefit automatically increased each year to keep pace with inflation (see condition 2.17); or
- premium rates are reviewed (see condition 2.5.7).

2.5.4 Accidental Death Benefit

Premiums are payable on a level premium basis until the expiry of the benefit. For this benefit, premiums do not change to a stepped premium basis at the latest Policy Anniversary prior to the Life Insured's 65th birthday.

2.5.5 Guarantee of Continuation for Level Premium

This guarantee applies to benefits continuing beyond the latest Policy Anniversary prior to the Life Insured's 65th birthday (or 70th birthday if applicable). Where the Policy has remained in force to that date, these benefit(s) will continue on a stepped premium basis until the Expiry Date appropriate to each benefit. The stepped premium will reflect the Life Insured's age at each Policy Anniversary, sex and smoking status and original terms of acceptance of the benefit.

2.5.6 Premium Rating Factors

The premiums payable depend on:

- the Life Insured's age, sex, smoking status, occupation, pastimes and state of health;
- the level of cover and benefit features chosen; and
- any appropriate Government charges.

2.5.7 Premium Rates Guaranteed

The premium rates under all plans under the Policy are guaranteed for at least two years. We guarantee that any increase in a table of

stepped or level premium rates will not take effect in respect of a benefit until the second anniversary of the Policy Commencement Date or the next Policy Anniversary following the latest increase in the table of premium rates for that benefit, if later. This premium rate guarantee does not apply to any standard increases (e.g. age based or CPI increases, alterations or reductions in discounts) or cancel and replace policies.

Notwithstanding the two-year premium rates guarantee, Your premium rates (stepped, level or optimum) may be varied from time to time after the two-year guarantee period. A table of premium rates is available on request. Different premium rates generally apply to males and females, to smokers and non-smokers and to different occupations. The premium rates for the Policy allow for the cost of insurance and Our expenses, including commission payable to an adviser.

Premium rates may not be altered individually but only for all policies in a group. Your Policy cannot be singled out for an increase. You or the Life Insured will be notified in writing of any change in the premium rates prior to the change taking effect.

2.5.8 Premiums and the AIA Vitality Program

As long as the Life Insured remains a member of the AIA Vitality Program, We may discount the premiums in accordance with the rules mentioned in the "Premium Discounts – AIA Vitality membership" section of the Product Disclosure Statement. We may vary or withdraw these rules from time to time. The premium discounts are not guaranteed.

2.6 Fees and Charges

All the fees and charges of the Policy are fully described in this section. We shall not apply any other charges without Your specific consent. We retain the right to vary any fees and charges, at Our discretion, with the exception of the premium rate guarantee. Future Government charges may also vary. Any change, except changes to Government charges, will be advised to You in writing 30 days prior to the change taking effect.

We will also charge a policy fee and any appropriate Government stamp duty (if applicable).

2.6.1 Policy Fee

One policy fee is charged per Life Insured, regardless of the number of plans, benefits or policies purchased under Priority Protection (this does not apply to policies bought before 1 December 2008). This policy fee is in addition to the premiums applicable per benefit and stamp duty. The policy fee is currently \$80.99 per year. The policy fee may be subject to a premium frequency charge and/or stamp duty (see conditions 2.6.2 and 2.6.3).

The policy fee will automatically increase each year effective from 1 October by the percentage increase in the consumer price index over the 12 months ending on the latest 30 June prior to the effective date of the increase in the policy fee (1 October). There will be no more than one policy fee increase in a year. The policy fee applicable to a policy will increase from the first policy anniversary date on or after the effective date for the increased policy fee.

You will be notified in writing of any change in the amount of the policy fee prior to the change taking effect. Your Policy will not be singled out for an increase in fees or charges.

AIA Australia may vary from time to time the method of determining the indexing of the policy fee.

You will be notified of any variations as required by law.

There may also be other charges, such as a lost or destroyed policy replacement charge (see condition 2.6.4).

2.6.2 Premium Frequency Charge

There is no premium frequency charge on yearly premiums. Premiums payable more frequently than yearly (i.e. half-yearly or monthly) are subject to a charge to cover increased costs. This charge is expressed as a percentage of the yearly premium in the following table.

Premium Payment Frequency	Charge as a percentage of Yearly Premium
Half-yearly	5%
Monthly	8%

We may have premium frequency payment agreements with Your Approved Superannuation Fund or SMSF that limit the premium frequency options. For example the premiums may only be able to be paid monthly or yearly. You or the Life Insured will be notified in writing of any change in the amount of this charge prior to the change taking effect.

2.6.3 State or Territory Government Stamp Duty

Stamp duty is a Government charge that varies depending on the State or Territory of residence of the Life Insured. Stamp duty may be payable on the Policy by Us in accordance with the stamp duty legislation applicable in the State or Territory in which the Life Insured is ordinarily a resident.

For some Rider Benefits the amount of stamp duty payable is included in the premium and is not an additional charge under the Policy. For other benefits, it is not included in the premium and is an additional charge under the Policy. The rates of stamp duty currently vary between 0% and 11% depending on Your State or Territory and the type of benefit selected. Your adviser may have provided You or the Life Insured with a personalised premium quotation showing the amount of any stamp duty payable as an additional charge under the Policy.

If the amount of the stamp duty payable is changed by a State or Territory the stamp duty charged under the Policy may be changed accordingly (up or down) for future premium payments.

2.6.4 Lost or Destroyed Policy Documentation

If the policy document is lost or destroyed We will replace it but may charge to recover the costs involved. This charge is currently not greater than \$100 and covers the cost of reissuing the lost document, including advertising the loss – a statutory requirement in some circumstances. We may vary this charge from time to time. We may also require You or the Life Insured to sign a statutory declaration to the effect that the policy document has been lost or destroyed.

2.7 Tax or Imposts

Where We are, or believe We will become, liable for any tax or other imposts levied by any Commonwealth, State or Territory Government, authority or body in connection with the Policy, We may reduce, vary or otherwise adjust any amounts (including but not limited to premiums, charges and benefits) under the Policy in the manner and to the extent We determine to be appropriate to take account of the tax or impost.

GST – The premium applicable to the Policy is input taxed for the purposes of the Goods & Services Tax (GST). No GST is payable by You in respect of the purchase of the Policy.

2.8 Renewal

The Policy may be renewed yearly, by payment of the renewal premium within the 60 days of grace, until the Expiry Date shown on the Policy Schedule.

2.9 Guaranteed Renewable

Provided the appropriate premium (including any renewal premium) is paid in full when due, each benefit under the Policy is guaranteed renewable each year to the Expiry Date of that benefit regardless of changes in the Life Insured's health, occupation or pastimes and in the case of the Superannuation Income Protection Plan, whether a claim has been made.

2.10 Lapse and Reinstatement

If You do not pay Your premium within 60 days of the premium due date, Your Policy will lapse and the cover will cease. If the Policy lapses You may reinstate it with Our consent upon such proof as We may require of the continued good health and eligibility for insurance of the Life Insured and upon payment of the unpaid premium or premiums with compound interest as We determine. Reinstatement can occur within 90 days from the premium due date for the first unpaid premium.

After reinstatement without any further medical evidence, the Policy shall not cover any event the symptoms leading to which were apparent prior to such reinstatement. The Policy may be cancelled by Us in accordance with the provisions of the Life Insurance Act 1995 (Cth) or any other relevant legislation.

2.11 Cancellation

You are allowed to cancel the Policy at any time. Where premiums have been paid in advance, thus providing cover beyond the date of cancellation, We may refund the unexpired portion of the premium less any cancellation fees and charges to You. Any payment would be subject to Our business rules at the time of cancellation.

Any voluntary request to cancel the Policy must be made in writing to Our office and signed by You.

If there is a Superannuation PLUS, Maximiser or Super Extras policy linked to this Policy, that Superannuation PLUS, Maximiser or Super Extras policy will automatically terminate when this Policy terminates.

2.12 Transfer of Ownership (Assignment)

At any time, the Life Insured or You may request a transfer of ownership of the Policy from You to the trustee of another Approved Superannuation Fund or SMSF or from the Trustee of the Scheme or the Trustee of a SMSF, subject to the rules of the fund. This is achieved by assigning the Policy using the Memorandum of Transfer included in this policy document which must be signed by You and by Us and must be annexed to the Policy.

You should also be aware that by assigning the Policy, You forfeit all rights to benefits payable under the Policy and it may give rise to taxation implications.

No assignment of the Policy or the benefits under it shall bind Us unless and until it has been registered by Us. We take no responsibility as to the validity of any assignment.

Please contact Us if You or the Life Insured wish for the ownership of the Policy to be assigned. We will provide You and the Life Insured with relevant information required to do so.

2.13 Nomination of Beneficiaries

If the Life Insured is a member of the AIA Insurance Super Scheme No2, the Life Insured may make either a:

- Non-lapsing binding nomination, or a
- Non-binding nomination.

If the Trustee of the AIA Insurance Super Scheme No2, does not receive a valid binding nomination, the benefit will be paid to the Life Insured's legal personal representative or dependants (or to the Life Insured's relatives if there is no legal personal representative or dependant) according to the Trustee's discretion.

If the Life Insured is a member of a SMSF or an Approved Superannuation Fund the rules controlling the nomination of beneficiary facility are set out in the trust deed for that superannuation fund.

2.14 Misstatement of Age

If the age of the Life Insured on issue of the Policy is different from that stated in the application, the sum payable under the Policy will be reduced to that which would have been payable if the age had been correctly stated on the basis of premiums actually paid. The Sum Insured or Insured Monthly Benefit will never be increased pursuant to this condition.

2.15 Suicide

2.15.1 Death Benefit other than Accidental Death Benefit

Any benefit payable under the Policy in the event of the death of the Life Insured will not be paid if the Life Insured dies as a result of suicide committed within 13 months of the date of:

- commencement of that benefit; or
- the last reinstatement of the Policy.

An increase in the Sum Insured and/or Insured Monthly Benefit is not payable if the suicide occurs within 13 months following the date of the increase.

Any portion of a benefit payable under the Policy in the event of the death of the Life Insured referable to an increase in the benefit's Sum Insured or Insured Monthly Benefit will not be paid if the Life Insured dies as a result of suicide committed within 13 months of the date of the increase.

This condition will be waived in respect of any death cover under the Policy provided the Policy is replacing death cover from a previous insurer and the full suicide exclusion period under the in force policy to be replaced has elapsed. This waiver applies only up to the same amount of any death cover being replaced under the Policy.

The suicide condition will apply to any extra death cover in excess of the death cover being replaced and to all subsequent increases in the death cover under the Policy. In that event, the Policy shall be voidable at Our option and any premiums paid in respect of it shall be forfeited to Us.

However, should any other person have obtained for value a genuine interest in the Policy at least two months before the death of the Life Insured and has notified it to Us in writing, We will pay them:

- an amount equal to the value of their interest; or
 - the amount which would have been payable had the Life Insured died otherwise than by suicide;
- whichever is the lesser.

2.15.2 Accidental Death Benefit

The Accidental Death benefit will not be paid under the Policy if the Life Insured dies as a result of suicide while cover in respect of the Accidental Death benefit is in force.

2.16 Increase in Sum Insured and/or Insured Monthly Benefit

You can increase Your Sum Insured and/or Insured Monthly Benefit each policy year in line with the CPI Increase for that year (see condition 2.17) or You can select a voluntary increase in Your Sum Insured and/or Insured Monthly Benefit. Any voluntary increase will be subject to underwriting and maximum Sum Insured and Insured Monthly Benefit rules.

2.17 Benefit Indexation

If You or the Life Insured so choose in the application, We will offer You or the Life Insured each policy year on the Policy Anniversary the opportunity to increase the Sum Insured and/or Insured Monthly Benefit for each eligible benefit under the Policy by that policy year's percentage increase in the CPI or by 5% whichever is the greater. Any Sum Insured and/or Insured Monthly Benefit increase for a policy year will be effective from the Policy Anniversary at the start of the policy year. However, benefit indexation will not be offered while the Life Insured is on claim.

If You or the Life Insured does not want to accept the automatic yearly increase to the amount of Your cover, just notify Us in writing within one month after that policy renewal date. Your Benefit Indexation will cease at the latest Policy Anniversary prior to the Life Insured's 70th birthday or at the Expiry Date of the benefit, if earlier. If You or the Life Insured want Us to stop offering indexation increases to the Sum Insured and/or Insured Monthly Benefit, You or the Life Insured must write to Us asking for future indexation increases not to be offered.

If You or the Life Insured accept Our offer of an indexation increase Your stepped and optimum premium (whichever applicable) will be adjusted to allow for the higher Sum Insured and/or Insured Monthly Benefit and the age of the Life Insured at that time. Where level premiums are being paid, the age of the Life Insured at the time of entry is used to calculate the premiums payable on the increase. Unless You or the Life Insured advise Us otherwise, We may assume that You want the Benefit Indexation to apply in respect of the Life Insured's benefits under the Policy for the following policy year.

Benefit Indexation does not apply to the Superannuation Life Cover Sum Insured where all or some of the Life Cover Sum Insured has been repurchased under the linked Crisis Recovery Buy-back benefit or Double Crisis Recovery benefit (under the Superannuation PLUS benefit) or the linked Total and Permanent Disablement Buy-back benefit or when the Life Cover has been purchased under the Life Cover Purchase benefit or where the Superannuation Life Cover Plan has been purchased or the Sum Insured increased under the Forward Underwriting benefit or Business Safeguard Forward Underwriting benefit. After the Double Universal Total and Permanent Disablement benefit (under the Superannuation Life Cover benefit or the Superannuation PLUS benefit) or the Double Total and Permanent Disablement benefit (under the Super Life Cover benefit or the Superannuation PLUS benefit) becomes payable, Benefit Indexation in respect of the Superannuation Life Cover Sum Insured will not be permitted.

Benefit Indexation is not available under the Life Cover Purchase benefit or where a Premium Freeze is in force. There are other conditions on the Benefit Indexation in respect of certain benefits as described in this document.

Subject to the terms and conditions in this document, automatic indexation increases in the Sum Insured and/or the Insured Monthly Benefit will cease at the latest Policy Anniversary prior to the Life Insured's 70th birthday or at the Expiry Date of the benefit, if earlier.

There are other conditions on the Benefit Indexation as described in this document.

2.18 Decrease in Sum Insured and/or Insured Monthly Benefit

You can decrease the Sum Insured and/or Insured Monthly Benefit of an eligible benefit under the Policy at any premium due date providing the reduced Sum Insured, Insured Monthly Benefit or premium are not below the appropriate minimums in force at the time of the decrease.

Where the Sum Insured and/or Insured Monthly Benefit is decreased, any Benefit Indexation will continue based on the reduced Sum Insured and/or Insured Monthly Benefit.

2.19 Claims

2.19.1 Claim Requirements and Conditions

All conditions necessary to entitle a claim to be made must be met during the currency of the Policy.

Written notice containing full particulars of any circumstances in respect of which a claim is to be made must be given to Us as soon as possible. Claim forms can be requested by telephoning AIA Australia's Claims Department on 1800 333 613 (option 2), or by writing to Us (visit www.aia.com.au for the most up to date contact details).

The Life Insured must provide written notice containing full particulars of any circumstances in respect of which a claim is to be made to Us and to the Trustee as soon as possible.

Payment of a Sum Insured or monthly benefit will not be made for any period more than one month prior to the giving of such written notice.

All certificates and evidence required by Us will be furnished at the Life Insured's expense within 30 days of the date of the written notice and will be in the form and of the nature as We may request.

All claim payments will be paid to You as Trustee. However, if directed We will pay the full claim amount directly to the Life Insured, who will be responsible for paying the appropriate amount of income tax to the Australian Taxation Office.

2.19.2 Medical Examination

We, at Our discretion, may have the Life Insured medically examined (including blood tests and other tests), when and as often as is reasonable, in connection with a claim.

2.20 Non-Smoker – Incorrect Declaration

'NON-SMOKER' at a point in time, means, not having smoked tobacco or any other substance for a continuous period of 12 months ending at that point in time.

Where it is declared that the Life Insured is a Non-Smoker and We have charged a premium based on such declaration, it is a condition of this insurance that if an incorrect non-smoker declaration has been made, the Sum(s) Insured and/or Insured Monthly Benefit(s) shown on the Policy Schedule will be reduced to the amount(s) which the premium paid would have purchased had a correct declaration been made.

2.21 Statutory Fund

The Policy will be written in the AIA Australia Statutory Fund No.1. The Policy does not participate in bonus distributions.

2.22 Currency

All amounts under the Policy whether payable by Us or by You are payable in Australian currency.

2.23 Economic Sanctions

We are subject to certain laws and economic sanctions (both local and international) which may prohibit Us from completing some financial transactions and/or dealings with the Policy Owner, the Life Insured and any beneficiary/beneficiaries. We will not deal with the Policy Owner or the Life Insured or complete a financial transaction under the terms of the Policy if We are prohibited from doing so by law (including a law relating to sanctions).

2.24 Policy Upgrade

From time to time We will review the benefits provided under the Policy. Should We improve the benefits under the Policy and such improvements result in no increase in premium rates, We will automatically add these benefit improvements to the Policy.

These benefit improvements will be effective from the first date on which a Priority Protection policy containing the benefit improvements could have been purchased from Us.

If the Life Insured is suffering a Pre-existing Condition (as defined in condition 6) at the effective date of the benefit improvement, the improvement will not apply to any claim affected by that Pre-existing Condition.

Should a situation arise where You or Life Insured is disadvantaged in any way as a result of the upgrade, the previous Policy wording will apply.

2.25 Any Questions or Concerns

If You or the Life Insured should have any questions or concerns about the Policy please contact Your or the Life Insured's adviser in the first instance or Us directly on 1800 333 613 and We will promptly investigate the enquiry, referring it if necessary to Our Internal Dispute Resolution Committee.

We will try to respond to any questions or complaints about the Policy as soon as possible. Internal complaints are normally resolved within 45 days. In special circumstances We may take longer, if this is the case We will advise You.

Should You not be satisfied with Our response to Your concerns after they have been ruled upon by the Committee, then You may take the matter up with the independent Financial Ombudsman Service (FOS) or the Superannuation Complaints Tribunal (SCT). Details are as follows:

The option date is 12 months after the date of the claim payment. The option must be exercised within 30 days after the option date. This repurchase will be subject to the premium rates then applicable for the Life Insured's age next birthday.

No further Total and Permanent Disablement benefit will be payable and any reduction in the Crisis Recovery Sum Insured under the linked Superannuation PLUS benefit will not be reinstated.

The repurchase of the Life Cover Sum Insured will be:

3.4 Maximiser Benefit

3.4.1 Benefit

The Maximiser benefit is an optional Rider Benefit available with the:

- Total and Permanent Disablement benefit under the superannuation Life Cover benefit;
- Double Total and Permanent Disablement benefit under the superannuation Life Cover benefit; and
- Total and Permanent Disablement Stand Alone benefit under the superannuation Life Cover Plan.

The Maximiser benefit is only available if the 'Any Occupation' definition is selected for the Total and Permanent Disablement benefit, Double Total and Permanent Disablement benefit or Total and Permanent Disablement Stand Alone benefit under the Superannuation Life Cover Plan.

Two linked Priority Protection policies must be purchased to allow the Maximiser benefit to work.

1. One policy is a Superannuation Life Cover Plan containing a:
 - Total and Permanent Disablement benefit;
 - Double Total and Permanent Disablement benefit; or
 - Total and Permanent Disablement Stand Alone benefit with the 'Any Occupation' definition, owned by the Trustee; and
2. A (non-superannuation) Life Cover Plan containing a:
 - Total and Permanent Disablement (Own Occupation) benefit, if the Life Insured is covered under the Total and Permanent Disablement (Any Occupation) benefit under the Superannuation Life Cover Plan;
 - Double Total and Permanent Disablement (Own Occupation) benefit, if the Life Insured is covered under the Double Total and Permanent Disablement (Any Occupation) benefit under the Superannuation Life Cover Plan; or
 - Total and Permanent Disablement Stand Alone (Own Occupation) benefit, if the Life Insured is covered under the Total and Permanent Disablement Stand Alone (Any Occupation) benefit under the Superannuation Life Cover Plan.

The two policies are then linked.

The Sums Insured for Total and Permanent Disablement benefits under the superannuation Policy and the linked non-superannuation Maximiser policy must be the same at all times. If cover ceases under the superannuation Policy, it will cease under the non-superannuation Maximiser and vice versa.

The relevant Double Total and Permanent Disablement benefit or Total and Permanent Disablement Stand Alone benefit must be the only benefit under the linked non-superannuation Maximiser Policy.

If Maximiser is purchased with the Total and Permanent Disablement rider benefit under the Life Cover benefit, a linked Superannuation PLUS policy is also available at an additional cost. The only benefits available under such a linked Superannuation PLUS policy are Crisis Recovery and its riders Crisis Recovery Buy-back, Crisis Reinstatement, Family Protection, Needlestick Injury (Category AA only) and Waiver of Premium.

If a claim is paid for the Crisis Recovery benefit under such a Superannuation PLUS policy, the Total and Permanent Disablement benefit and the Maximiser benefit will be reduced by the amount of the claim paid.

If Maximiser is purchased with the Double Total and Permanent Disablement rider benefit under the Life Cover benefit, a linked Superannuation PLUS policy is also available at an additional cost. The only benefits available under such a linked Superannuation PLUS policy are Crisis Recovery and its riders Crisis Recovery Buy-back, Crisis Reinstatement, Family Protection and Needlestick Injury (Category AA only).

If a claim is paid for the Crisis Recovery benefit under such a Superannuation PLUS policy, the Double Total and Permanent

Disablement benefit and the Maximiser benefit will be reduced by the amount of the claim paid.

If Maximiser is purchased with the Total and Permanent Disablement Stand Alone benefit under the Life Cover benefit, a linked Superannuation PLUS policy is also available at an additional cost. The only benefits available under such a linked Superannuation PLUS policy are Family Protection and Needlestick Injury (Category AA only).

The Partial and Permanent Disablement benefit, which is not payable under a Total and Permanent Disablement benefit under the Superannuation Life Cover Plan, may be payable under a Maximiser benefit under the Ordinary Life Cover Plan.

3.4.2 Limitations

Its terms and conditions are provided in a separate linked policy document. The benefits chosen under the Superannuation PLUS benefit are shown in the policy schedule to the separate linked policy document. If the Life Cover benefit or Maximiser benefit under a Total and Permanent Disablement Stand Alone benefit is terminated under this Policy, all benefits under Superannuation PLUS under the separate linked policy are automatically terminated.

3.17.3 Premiums

Please see condition 2.5.

3.17.4 Premium Freeze

At each Policy Anniversary, provided the Life Insured is aged 35 years or older and premiums are payable on a stepped basis, You or the Life Insured may elect to pay the same yearly premium as You paid for the previous policy year. The Sum Insured for each benefit will decrease each year on the Policy Anniversary by an amount as calculated by Us so as to ensure that the premium remains unchanged. You or the Life Insured must notify Our office each year at least 30 days before the Policy Anniversary if You or the Life Insured wish to continue with the Premium Freeze option. If Our office is not notified in writing, the premium will increase in accordance with the age of the Life Insured next birthday. This process will be repeated each year on the Policy Anniversary.

When the Premium Freeze option is exercised, any Benefit Indexation will cease and You or the Life Insured will be unable to exercise any of the Guaranteed Future Insurability options (see condition 3.1.3).

The Premium Freeze will apply to the Life Cover, Accidental Death, Total and Permanent Disablement and Total and Permanent Disablement Stand Alone benefits. It will not apply to the Term Cover and Accidental Death benefit.

3.17.5 Worldwide Protection

The Life Insured is covered under the Superannuation Life Cover Plan in condition 3 of this Policy anywhere in the world, 24 hours each day.

For a benefit increase, the benefit is not payable only in respect of the increase in the Sum Insured. 4 Superannuation Income Protection Plan

The benefits selected under the Superannuation Income Protection Plan contained in this condition 4 are shown on the Policy Schedule. For the avoidance of doubt, a benefit described in this condition 4 is not available under the Policy unless the Policy Schedule states that the benefit has been selected.

Priority Protection can provide the following types of income protection benefits under the Superannuation Income Protection Plan. They are:

- Income Protection or Income Protection Accident Only, on an Indemnity or Extended Indemnity basis only and inside superannuation only; and
- Income Protection or Income Protection Accident Only, on an Indemnity, Extended Indemnity or Agreed Value basis together with a linked Super Extras Policy outside of the superannuation environment.

(See definitions for Agreed Value, Indemnity and Extended Indemnity in condition 6).

Super Extras is a separate Income Protection Plan policy outside of the superannuation environment that is linked to the Superannuation Income Protection Plan.

Only those benefits which are consistent with a Permitted Condition of Release under the Superannuation Industry (Supervision) Regulations 1994 at the time of the making of the claim may be paid under the Superannuation Income Protection Plan. Any benefit under the Policy is paid to the Trustee of the Superannuation Fund as Policy Owner, who then deals with the benefit in accordance with the terms of the trust deed of that fund and superannuation law. Super Extras allows you to receive benefits (including additional income protection benefits) outside of the superannuation environment.

The Income Protection Benefit and the Income Protection Accident Only Benefit on an Indemnity or an Extended Indemnity basis only and inside superannuation only offers the following Rider Benefits:

- Claim Escalation (see condition 4.2);
- Day 1 Accident (see condition 4.3); and
- Retirement Optimiser (see condition 4.4);

If chosen the Claim Escalation benefit will be on the same basis (i.e. 'Agreed Value', 'Indemnity' or 'Extended Indemnity') as the Income Protection benefit or Income Protection Accident Only benefit, whichever benefit is selected.

The terms and conditions of each benefit are provided below.

Super Extras

When an Income Protection benefit, or Income Protection Accident Only benefit, with Super Extras is selected, two Priority Protection policies are issued and linked to each other. One policy is a Superannuation Income Protection Plan, on either an Indemnity, Extended Indemnity or Agreed Value basis, issued to the Trustee of a Superannuation Fund and the other policy is Super Extras that is issued to the Life Insured outside of the superannuation arrangement. Super Extras will include a non-superannuation version of each superannuation benefit selected under the Superannuation Income Protection Plan together with built-in benefits available under the non-superannuation

version of the benefit under the Income Protection Plan and any other non-superannuation benefit(s) selected from the range of optional benefits available under Super Extras: (i.e. PLUS Optional, Advantage Optional, Income Protection Lump Sum and Carer's Allowance).

If the Income Protection benefit or the Income Protection Accident Only benefit is on an Indemnity, an Extended Indemnity or an Agreed Value basis, the Super Extras benefit(s) will also be on the same basis. The policy fee, where applicable, will be applied to the Superannuation Income Protection Plan. For more information, see the Priority Protection (non-superannuation) Policy Document.

Important Notice

This is not a savings plan and is without profits. The primary purpose of this Superannuation Income Protection Plan is to provide an income benefit in the event of the disablement of the Life Insured either through Injury or Sickness or through Accidental Injury only.

4.1 Income Protection Benefit and Income Protection Accident Only Benefit

The benefits under the Income Protection benefit and Income Protection Accident Only benefit are described below or elsewhere in the Policy:

- Total Disablement (see condition 4.1.1)
- Partial Disablement (see condition 4.1.2)
- Waiver of Premium (see condition 4.1.3)
- Recurrent Disablement (see condition 4.1.4)
- Cosmetic or Elective Surgery benefit (available under the Income Protection Benefit only, see condition 4.1.5)
- Terminal Illness (available under the Income Protection Benefit only, see condition 4.1.6)
- Death (see condition 4.1.7)
- Worldwide Protection (see condition 4.1.8)
- Benefit Indexation (see condition 2.17)

4.1.1 Total Disablement Benefit

If the Life Insured is totally disabled for longer than the Waiting Period selected, the monthly benefit will be payable to You from the end of the Waiting Period and will continue to be paid throughout the Benefit Period selected as long as the Life Insured continues to be totally disabled. The benefit is calculated on a daily basis and paid at the end of each month. The amount of the Total Disablement benefit may be subject to claim offsets (see condition 4.1.10).

The Life Insured is totally disabled if He or She satisfies the definition of total disablement relevant to the income protection benefit selected and the occupation category of the Life Insured at the commencement date of the benefit.

If the Income Protection benefit is selected, the relevant definitions are Total Disablement (Income Protection) applicable to Occupation Categories AAA, AA, A, B, C, CT & D, and Total Disablement (Income Protection – Occupation E) applicable to Occupation Category E.

If the Income Protection Accident Only benefit is selected, the relevant definitions are Total Disablement (Income Protection Accident Only) applicable to Occupation Categories AAA, AA, A, B, C, CT & D, and Total Disablement (Income Protection Accident Only – Occupation E) applicable to Occupation Category E.

See condition 6 for the definitions of total disablement.

4.1.1.1 Total Disablement Benefit Amount (Agreed Value)

This section applies if the Policy Schedule shows that the Income Protection (Agreed Value) benefit or the Income Protection Accident Only (Agreed Value) benefit has been selected.

The initial amount of benefit payable will be the Insured Monthly Benefit set out in the Policy Schedule, as amended from time to time by indexation increases, voluntary increases or voluntary decreases, less any claim offsets applicable (see condition 4.1.10).

4.1.1.2 Total Disablement Benefit Amount (Indemnity)

This section applies if the Policy Schedule shows that the Income Protection (Indemnity) benefit or the Income Protection Accident Only (Indemnity) benefit has been selected.

The initial amount of benefit payable will be the lesser of:

- (i) the Insured Monthly Benefit set out in the Policy Schedule, as amended from time to time by indexation increases, voluntary increases or voluntary decreases at the commencement of the disablement or total disablement, less any claim offsets applicable (see condition 4.1.10); and
- (ii) 75% of the first \$26,667 of monthly Pre-disablement Income (Indemnity) at the commencement of the disablement (applicable to Occupational Categories AAA, AA and A only) or total disablement, plus 50% of the next \$20,000 of monthly Pre-disablement Income (Indemnity), plus 20% of the next \$150,000 of the Life Insured's Pre-disablement Income (Indemnity), less any claim offsets applicable (see condition 4.1.10).

4.1.1.3 Total Disablement Benefit Amount (Extended Indemnity)

This section applies if the Policy Schedule shows that the Income Protection (Extended Indemnity) benefit or the Income Protection Accident Only (Extended Indemnity) benefit has been selected.

The initial amount of benefit payable will be the lesser of:

- (i) the Insured Monthly Benefit set out in the Policy Schedule, as amended from time to time by indexation increases, voluntary increases or voluntary decreases at the commencement of the disablement or total disablement, less any claim offsets applicable (see condition 4.1.10); and
- (ii) 75% of the first \$26,667 of monthly Pre-disablement Income (Extended Indemnity) at the commencement of the disablement (applicable to Occupational Categories AAA, AA and A only) or total disablement, plus 50% of the next \$20,000 of monthly Pre-disablement Income (Extended Indemnity), plus 20% of the next \$150,000 of the Life Insured's Pre-disablement Income (Extended Indemnity), less any claim offsets applicable (see condition 4.1.11).

4.1.1.4 Application of Permitted Condition of Release

Despite anything to the contrary under the terms of Your Policy, We may reduce a Total Disablement benefit payment to the extent necessary to ensure that Your Policy only provides benefits for insured events that are consistent with a Permitted Condition of Release.

If the monthly benefit payable under the Superannuation Income Protection Plan is reduced due to this cap, the amount of such reduction can be paid under a linked Super Extras policy (where applicable).

4.1.2 Partial Disablement Benefit

The Partial Disablement benefit will be paid to You if the Life Insured

- has been totally disabled for at least 7 consecutive days from the start of the Waiting Period; and
- has been continuously disabled (totally or partially) during the Waiting Period; and
- has been continuously disabled (partially) since the end of the Waiting Period; and
- is now partially disabled.

The Life Insured is partially disabled if He or She satisfies the definition of partial disablement relevant to the income protection benefit selected. The relevant definitions are Partial Disablement (Income Protection) or Partial Disablement (Income Protection Accident Only) as defined in condition 6.

The benefit will be payable from the first day the Life Insured is partially disabled after the end of the Waiting Period and will continue throughout the Benefit Period selected as long as the Life Insured continues to be partially disabled. The benefit is calculated on a daily basis and paid monthly in arrears.

4.1.2.1 Partial Disablement Benefit Amount (Agreed Value)

The initial monthly benefit payable will be:

$$(A - B)/A \times C,$$

where

A = Pre-disablement Income,

B = Monthly income while partially disabled; and

C = Insured Monthly Benefit

If the Life Insured's monthly income while partially disabled is negative, We will treat it as zero.

If there is a delay between the time the Life Insured generated the monthly income and when the Life Insured actually received it, We will deem the income to have been received in the month in which it was actually generated and this income will form the basis of Our calculation of 'B'.

See condition 6 for the definitions of Pre-disablement Income.

Different definitions apply to Agreed Value, Indemnity and Extended Indemnity.

4.1.2.2 Partial Disablement Benefit Amount (Indemnity)

The initial monthly benefit payable will be:

$$(A - B)/A \times C,$$

where

A = Pre-disablement Income,

B = Monthly income while partially disabled; and

C = Insured Monthly Benefit

If the Life Insured's monthly income while partially disabled is negative, We will treat it as zero.

If there is a delay between the time the Life Insured generated the monthly income and when the Life Insured actually received it, We will deem the income to have been received in the month in which it was actually generated and this income will form the basis of Our calculation of 'B'.

The amount of benefit payable in a month may be reduced for any claim offsets (see condition 4.1.10).

The aggregate of the Partial Disablement benefit, the Life Insured's earnings in that month from personal exertion and any other payments received by the Life Insured (see (i) and (ii) of the 'claim offset' condition in 4.1.10), where applicable, cannot exceed the lower of the Insured Monthly Benefit under the Policy and 100% of the Life Insured's Pre-disablement Income (Indemnity) determined as at the date of disablement.

See condition 6 for the definitions of Pre-disablement Income. Different definitions apply to Agreed Value, Indemnity and Extended Indemnity.

4.1.2.3 Partial Disablement Benefit Amount (Extended Indemnity)

The initial monthly benefit payable will be:

$$(A - B)/A \times C,$$

where

A = Pre-disablement Income (Extended Indemnity),

B = Monthly income while partially disabled; and

C = Insured Monthly Benefit

If the Life Insured's monthly income while partially disabled is negative, We will treat it as zero.

If there is a delay between the time the Life Insured generated the monthly income and when the Life Insured actually received it, We will deem the income to have been received in the month in which it was actually generated and this income will form the basis of Our calculation of 'B'.

The amount of benefit payable in a month may be reduced for any claim offsets (see condition 4.1.10).

The aggregate of the Partial Disablement benefit, the Life Insured's earnings in that month from personal exertion and any other payments received by the Life Insured (see (i) and (ii) of the 'claim offset' condition in 4.1.10), where applicable, cannot exceed the lower of the Insured Monthly Benefit under the Policy and 100% of the Life Insured's Pre-disablement Income (Extended Indemnity) determined as at the date of disablement.

See condition 6 for the definitions of Pre-disablement Income. Different definitions apply to Agreed Value, Indemnity and Extended Indemnity.

4.1.2.4 Application of Permitted Condition of Release

Despite anything to the contrary under the terms of Your Policy, We may reduce a Partial Disablement benefit payment to the extent necessary to ensure that Your Policy only provides benefits for insured events that are consistent with a Permitted Condition of Release.

If the monthly benefit payable under the Superannuation Income Protection Plan is reduced due to this cap, the amount of such reduction can be paid under a linked Super Extras policy (where applicable).

4.1.3 Waiver of Premium Benefit

If We pay a benefit for a Life Insured's Total Disablement or Partial Disablement, We will:

- waive the premiums in respect of that benefit that You would otherwise pay, but only until the end of the Benefit Period for that benefit or the date that the Total Disablement or Partial Disablement ceases (whichever occurs first); and
- reimburse You for premiums referable to that benefit that You paid Us during the Waiting Period on the condition that You:

- pay the amount reimbursed to an account in a complying superannuation fund nominated by the Life Insured as a superannuation contribution on the Life Insured's behalf (where the Life Insured's superannuation interest is in a risk-only division of Your fund or where Your fund is a risk-only superannuation fund); or
- credit the amount reimbursed to the Life Insured's account in Your superannuation fund and, if validly instructed by the Life Insured, roll over the amount to the Life Insured's account in another complying superannuation fund nominated by the Life Insured (where you are the trustee of a SMSF or superannuation fund and the Life Insured's superannuation interest is not in a risk-only division of that fund).

While premiums are being waived, Benefit Indexation if selected, will continue.

Premium payments must recommence from the date on which the waiving of premium ceases.

4.1.4 Recurrent Disablement Benefit

If the Life Insured returns to work on a full-time basis after receiving a total disablement benefit or partial disablement benefit and suffers a recurrence of the disablement from the same or a related Injury or Sickness (Income Protection benefit) or from the same Accidental Injury (Income Protection Accident Only benefit) within 12 months of returning to work on a full-time basis, We will waive the Waiting Period and recommence benefit payments immediately.

The claim will be treated as a continuation of the most recent claim and will be payable for up to the balance of the Benefit Period.

Any recurrence of total disablement or partial disablement occurring more than 12 months after returning to work on a full-time basis will be subject to another Waiting Period and another Benefit Period.

4.1.5 Cosmetic or Elective Surgery benefit (available under the Income Protection Benefit only)

We will pay the Total Disablement benefit if the Life Insured becomes totally disabled as a result of:

- cosmetic surgery,
- other elective surgery, or
- as a result of surgery to transplant an organ from the Life Insured into the body of another person and the Life Insured remains totally disabled for longer than the selected waiting period.

The benefit will be payable from the end of the waiting period subject to the surgery taking place more than 6 months after the commencement date of the benefit or the date of any increase or reinstatement.

Normal post-surgery recovery does not constitute total disablement for the purposes of this benefit and consequently We will not pay any benefit for normal post-surgery recovery.

4.1.6 Terminal Illness (available under the Income Protection Benefit only)

If the Life Insured is on claim and is diagnosed with a terminal illness before the Expiry Date of the benefit, We will pay a forward payment of the Death Benefit to You. We will pay this benefit once only. If We pay the Death Benefit for terminal illness We will not

also pay it upon the death of the Life Insured. We will pay this benefit for terminal illness in addition to any other benefits payable while the Life Insured is on claim under this cover.

4.1.7 Death Benefit

If the Life Insured dies while the Superannuation Income Protection Plan is in force We will pay You six times the Insured Monthly Benefit up to a maximum death benefit of \$60,000. The Trustee will deal with this benefit in accordance with the rules of the superannuation fund.

4.1.8 Worldwide Protection

The Life Insured is covered under the Superannuation Income Protection Plan (Agreed Value, Indemnity or Extended Indemnity) in condition 4 of this Policy anywhere in the world, 24 hours each day.

4.1.9 Additional rules where the Benefit Period is 'to age 70'

The rules in this condition apply to any cover under an Income Protection benefit on an Agreed Value, Indemnity or Extended Indemnity basis where the Benefit Period is 'to age 70'. For the avoidance of doubt, the rules in this condition do not apply where the Benefit Period is '2 year Benefit Period to age 70'.

The Insured Monthly Benefit will be reduced after the latest Policy Anniversary prior to the Life Insured turning 65. To calculate the reduction, the Insured Monthly Benefit is multiplied by the applicable percentage shown in the table below depending on the Life Insured's age next birthday at Policy Anniversary. The premium You pay will be based on the reduced Insured Monthly Benefit.

If the Life Insured becomes disabled on or after the latest Policy Anniversary prior to turning 65, the Insured Monthly Benefit relating to the relevant Income Protection benefit will be multiplied by the applicable percentage shown in the table below and remain for the duration of that claim.

Life Insured's age next birthday at Policy Anniversary	Percentage of the Insured Monthly Benefit payable
65 years	100%
66 years	80%
67 years	60%
68 years	40%
69 years	20%

Increases to the Insured Monthly Benefit in respect of the Income Protection benefit will not be permitted on or after the latest Policy Anniversary prior to age 65.

The Expiry Date in respect of a Life Insured for an Income Protection or Income Protection Accident Only benefit on an Agreed Value, Indemnity or Extended Indemnity basis where the Benefit Period is 'to age 70' is the latest Policy Anniversary prior to the Life Insured's 70th birthday.

4.1.10 Claim Offsets

Occupation Categories AAA, AA, A, B, C, CT, D and E (Agreed Value, Indemnity and Extended Indemnity)

This condition applies to both the Income Protection benefit and the Income Protection Accident Only benefit.

In the event of a claim for the total disablement or partial disablement benefit We may reduce the amount of the benefit otherwise payable by amounts received from other sources or amounts that the Life Insured is entitled to receive for loss of income in respect of the Life Insured's Injury or Sickness.

Amounts that can be offset are:

- (i) regular payments made under a workers' compensation or motor accident claim, sick leave, annual leave, long service leave, common law entitlements or any claim made under any similar state or federal legislation;
- (ii) regular payments made from another insurance policy including any non-superannuation Income Protection Plan or from a superannuation/pension plan, but only if that policy/plan was not disclosed to Us when You applied for this Policy or when You applied for an increase in cover under this Policy; and
- (iii) government pension payments, where the Income Protection or Income Protection Accident Only benefit on an Agreed Value, Indemnity or Extended Indemnity basis and the Benefit Period is 'to age 70'.

If any of these regular payments are paid other than monthly or in the form of a lump sum, We will convert them to an equivalent monthly payment. A lump sum payment will be deemed to be the monthly equivalent of 1/60 of the lump sum payment for up to five years. Any lump sum Total and Permanent Disablement, Crisis Recovery under a linked Superannuation PLUS benefit or Terminal Illness benefit received will not be offset against Your total disablement or partial disablement benefit.

We will reduce the amount of the total disablement or partial disablement benefit only to the extent that:

- the aggregate of the total disablement benefit and any other payments made (see (i) and (ii) above) cannot exceed 75% of the first \$26,667 of the Life Insured's monthly Pre-disablement Income, plus 50% of the next \$20,000 of the Life Insured's monthly Pre-disablement Income plus 20% of the next \$150,000 of the Life Insured's monthly Pre-disablement Income;
- the aggregate of the partial disablement benefit, the Life Insured's monthly Income and any other payments made (see (i) and (ii) above) cannot exceed 100% of the Life Insured's monthly Pre-disablement Income.

4.1.11 When Benefit Payments Cease

Benefits in the course of payment under the Income Protection benefit (Agreed Value, Indemnity or Extended Indemnity) and the Income Protection Accident Only (Agreed Value, Indemnity or Extended Indemnity) benefit will stop on the earliest to occur of the following:

- death of the Life Insured;
- Life Insured ceasing to be disabled;
- end of the Benefit Period;
- Expiry Date of the benefit; and
- when membership of a Superannuation Fund ceases.

4.1.12 Income Protection – 2 year and 5 year Benefit Periods

Where a claim for a condition has been paid for the maximum Benefit Period (2 or 5 years), We will not accept any subsequent claim for the same condition or associated complications of the same condition unless the Life Insured makes a full recovery (as certified by a Medical Practitioner approved by Us), and in Our opinion the Life Insured has returned to Full-time Employment and has fully undertaken all of the important income producing duties of their occupation for a period of at least 12 months prior to the subsequent claim. For a subsequent claim that is in Our opinion independent of the original claim a new Waiting Period and Benefit Period will apply.

4.2 Claim Escalation Benefit

The Claim Escalation benefit is a Rider Benefit under the Superannuation Income Protection Plan. The Claim Escalation benefit condition applies if the Claim Escalation benefit has been selected. The benefits selected are shown on the Policy Schedule.

Where a total disablement claim or a partial disablement claim has been paid continuously for 12 consecutive months, We will increase the monthly benefit by the CPI Increase, up to a maximum of 5%. This increase will commence at the end of the 12th consecutive month of claim and further increases will be made at the end of each 12-month period thereafter until the end of the Benefit Period.

4.3 Day 1 Accident Benefit

The Day 1 Accident benefit condition applies if the Day 1 Accident benefit has been selected. The benefits selected are shown on the Policy Schedule.

The qualifying period of either 3 days or 30 days for the Day 1 Accident benefit is shown on the Policy Schedule. The Day 1 Accident benefit is a Rider Benefit under the Income Protection benefit and the Income Protection Accident Only benefit. The Day 1 Accident benefit period is for either 30, 60 or 90 days and cannot exceed the Life Insured's Income Protection or Income Protection Accident Only Waiting Period. This benefit is not available for an Income Protection benefit with a 14 day Waiting Period.

The Day 1 Accident benefit qualifying period – 3 days

In the event that the Life Insured is totally disabled for at least 3 consecutive days from the date the Accidental Injury (see condition 6) occurred, We will pay 1/30 of the Insured Monthly Benefit for each day that the Life Insured is totally disabled until the end of the selected Day 1 Accident benefit period (30, 60 or 90 days). This benefit will be paid monthly in arrears.

This benefit is available where the Income Protection Waiting Period or Income Protection Accident Only Waiting Period is 30, 60 or 90 days or 1 year or 2 years.

This benefit is not available for Occupation Category E.

The Day 1 Accident benefit qualifying period – 30 days

In the event that the Life Insured is totally disabled for at least 30 consecutive days from the date the Accidental Injury (see condition 6) occurred and if the Life Insured has no sick leave entitlement due to the Life Insured's employment at the date of the Accidental Injury, We will pay 1/30 of the Insured Monthly Benefit for each

day that the Life Insured is totally disabled until the end of the selected Day 1 Accident benefit period (30, 60 or 90 days) or Income Protection or Income Protection Accident Only Waiting Period. This benefit will be paid monthly in arrears.

This benefit is available where the Income Protection Waiting Period or Income Protection Accident Only Waiting Period is 30, 60 or 90 days or 1 year or 2 years.

4.4 Retirement Optimiser

The Retirement Optimiser Benefit condition applies if the Retirement Optimiser Benefit has been selected. The benefits selected are shown on the Policy Schedule.

4.4.1 'Retirement Optimiser Benefit Payment'

This is the periodic amount We will pay You in respect of the Retirement Optimiser benefit as determined below.

If Retirement Optimiser is selected, We will pay You the Retirement Optimiser Benefit Payment when We pay a monthly benefit in relation to any one of the following:

- Total Disablement benefit
- Partial Disablement benefit
- Where the Day 1 Accident benefit (if applicable) is payable
- Specified Injury benefit (if applicable, outside super)
- Crisis Recovery benefit (if applicable, outside super)

If the monthly benefit in relation to the relevant benefit from the above list is reduced because the Life Insured has a Partial Disablement rather than a Total Disablement or as a result of a claim offset, the Retirement Optimiser Benefit Payment will be reduced by the same proportion.

If applicable and selected, Benefit Indexation and Claim Escalation benefit apply to the Retirement Optimiser Benefit Payment.

4.4.2 Agreed Value (Retirement Optimiser)

In respect of an Agreed Value Retirement Optimiser benefit, the Retirement Optimiser Benefit Payment will be equal to the Retirement Optimiser Insured Monthly Benefit, subject to the rules in the definition of Agreed Value (see condition 6) and adjusted for any applicable Claim Offsets, Benefit Indexation and Claim Escalation.

4.4.3 Indemnity (Retirement Optimiser)

In respect of an Indemnity Retirement Optimiser benefit, the Retirement Optimiser Benefit Payment will be the lower of:

- (a) the Retirement Optimiser Insured Monthly Benefit, adjusted for any applicable Claim Offsets, Benefit Indexation and Claim Escalation; and
- (b) 5% of the Life Insured's Pre-Disablement Income (indemnity), adjusted for any applicable Claim Offsets.

4.4.4 Extended Indemnity (Retirement Optimiser)
