Product description

The Product is a risk-only superannuation interest issued by Equity Trustees Superannuation Limited (Trustee) as Trustee for the Scheme, which is a division of the Fund. It provides eligible persons the ability to obtain insurance cover within a superannuation environment and funded from superannuation contributions or rollovers.

Any benefits paid under the policy will be paid to the Trustee and premiums paid for the policy are paid by the Trustee after it receives a sufficient contribution, or a rollover in respect of a member. Membership of the Fund is governed by the Fund's trust deed and superannuation laws. The underlying policy is a contract of insurance between AIA Australia and the Trustee and does not govern a person's membership of the Fund.

If a benefit is paid on the Product under which a consumer's superannuation plan benefits (which does not include any Linked Benefits) are provided, AIA Australia will pay the benefit amount to the Trustee of the Fund as the policy owner. The Trustee will then distribute the proceeds of the claim in accordance with the superannuation law and the Fund's trust deed, which sets out the governing rules of the Fund.
